Docket No. 334.—In re American Livestock Commission Co. and other market agencies operating at the St. Joseph Stock Yards, South St. Joseph, Mo. On December 19, 1930, the Acting Secretary of Agriculture issued an order of inquiry and notice of hearing for the purpose of determining the reasonableness and lawfulness of rates and charges for stockyard services at the St. Joseph Stock Yards. A hearing was held in June, 1931, after which the case was argued before the Acting Secretary of Agriculture. All the market agencies registered and doing business at the St. Joseph Stock Yards filed, effective May 18, 1932, tariffs containing rates substantially lower than those the reasonableness of which was the subject of this docket, except that John Poe and Elijah Poe, a partnership doing business as Poe Livestock Commission Co., have maintained in effect a tariff filed prior to the inquiry and hearing, which contains rates lower than those filed by the other market agencies. Accordingly, on June 17, 1932, the proceedings in the above case were dismissed without prejudice.

On May 25, 1932, a hearing was held at which respondent appeared in person and testified that he had not secured a bond, although he stated that he had made an attempt to secure one. On June 10, 1932, respondent was ordered to cease and desist from doing business as a dealer without executing and maintaining a reasonable bond to suitable trustees to secure the performance of his obligations as a dealer, and was suspended from registration for a period of six months with leave during said period to apply for revocation of this suspension upon satisfactory proof that he has filed a suitable bond.

On April 2, 1932, the Acting Secretary of Agriculture issued an inquiry alleging that respondent was insolvent in that it was unable to pay its debts as they became due in the usual course of business, and that respondent had engaged in and used unfair and unjustly discriminatory and deceptive practices and devices in connection with the handling of livestock in commerce. On May 21, 1932, respondent acknowledged receipt of the inquiry, admitted the truth of the matters and things therein alleged and waived a hearing thereon. On June 7, 1932, respondent was ordered to cease and desist from the unfair and unjustly discriminatory practice and device of accounting to the shippers at less than the net proceeds derived from the sale of livestock handled by respondent in commerce on a commission basis thereby resulting in underpaying and withholding from said shippers the true amounts due them.
